**FULL ADOPTION OF IPSAS ACCRUALS:** 2021 GPFS reports were prepared in compliance with IPSAS Accrual which was fully adopted by Local Governments in the State of Osun in 2017.

The previous accounting training on conversion to IPSAS Accruals, severally sponsored by the EU/SLOGOR and the LGSC/ SUBEB in collaboration with Office of the Auditor-General for Local Governments, with the approval of Mr. Governor, for upgrades and re-training in 2021 have collectively enhanced the proficiency of operators of Local Government accounts in the State

#### PROCUREMENT PRACTICES

Osun State Public Procurement Law 2015 has been in force in line with global best practice. Procurement Officers was posted to the Local Governments and performed his duties. The Audit observed that the Offices need to be strengthened to further assist in promoting sound and transparent procurement practices in the Local Governments.

This involved Constitution of a standing multi-disciplinary team comprising seasoned and qualified professionals in the fields of valuation, engineering, town planning, medicine, etc. and others as were necessary. Consequently, the realism of the values of non-current asset is enhanced for the year under review. The verification exercise is continuous and value of the Local Governments non-current Assets is being updated monthly.

#### INTERNALLY REVENUE GENERATION AND FINANCIAL VIABILITY

which states that, "Before any payment is made, a prepayment audit of vouchers and supporting documents shall be made by the Internal Auditor on all payment vouchers to verify that the provisions of these Financial Memoranda have been followed in all respects, the payment is one properly authorized and correctly charged to the stated sub-head or accounts and that sufficient funds are available to meet it".

#### RISK:

Not subjecting payment vouchers to Internal Audit check before payment was an indication of weak Internal Control System which could result to misappropriation of public fund.

#### **Management Response**

The Internal Auditor was indisposed and was on admission in hospital when the payment was made. However, the vouchers had been audited and attached to the reply to audit query and the submitted to the office of the Auditor General for Local Governments.

#### **RECOMMENDATION:**

The signatories to the cheque should explain the rationale behind making payments without Internal Auditor's involvement.

5. UNRETIRED IMPREST AMOUNTING TO \(\frac{\text{N}}{150,000:00:}\) Payment vouchers for imprest totaling one hundred and fifty thousand naira were not supported with necessary receipts to authenticate the genuiness of the expenditure contrary to the Financial Memoranda 14:27 which states that, "Imprest shall be retired when the purpose for which the imprest was granted is completed or at such intervals as are prescribed when the imprest is approved. However, all imprests shall be automatically be retired at the end of each financial year".

#### RISK:

Government fund might not have been used for Official purpose.

#### **Management Response**

It was an oversight, and the receipt invoice had been attached to the reply to audit query and submitted to the Office of the Auditor General for further audit verifications.

### **RECOMMENDATION-**

Proper recording of petty cash should be done and all payments must be retired immediately and presented for audit verification.

- **5. BANK RECONCILIATION STATEMENT:** The Bank Reconciliation Statement was prepared up to September, 2021 and the followings were the observations;
- (i) **Debit in Bank Not in Cash Book:** It was observed that the sum of N29,601,209.04 appeared as Debit in Bank not in Cash book contrary to the existing regulation.
- (ii) Non Preparation of vouchers before effecting payments are unethical and illegal and should be discontinued.
- (iii) **Bank Charges:** It was observed that a total sum of N413,440.60 appeared as bank charges to date which was yet to be brought into accounts contrary to Financial Memoranda 19:27 which states that, "The receipt and payment vouchers shall be made out where any credit or charges shown in the Bank Statement have not been brought to account in the Cash book and are positively identified as being items due from or the Local Government.

#### Risk

Non-Preparation of Bank Reconciliation Statement by the Head of Finance could conceal fraud, errors perpetrated in the bank transactions through extraneous debits in the bank statements and Cashbook or collusion between the signatories.

### **Management Response**

The Bank Reconciliation Statements were not prepared as at the time of Audit Inspection, because Bank Statements were not available due to network outage. But however, they have been prepared and submitted to the Office of Auditor-General for audit verification.

#### **RECOMMENDATION:**

The head of Finance should prepare the Bank Reconciliation Statements and forward same with all details to the Auditor-General without further delay. Failure of which should be sanctioned.

- **6. FINAL ACCOUNTS**: It was observed that notes to the accounts were not prepared and there were casting errors in the budget approved and the final budget in the statement of comparison of budget and actual. However, they had been captured and corrected.
- **7. VALUATION AND REVALUATAION OF NON-CURRENT ASSETS:** It should be noted that the Office of Auditor General for Local Governments had embarked on verification/compilation of all non-current assets of the Local Government to ensure their existence, completeness of the list of the Assets and the correctness of the provisional values of the assets in the Financial Statements.

The Local Government did not maintain a comprehensive and reliable inventory fixed Assets Register.

#### RISK:

Non availability of comprehensive and reliable inventory/fixed asset register could make the Local Government asset prone to theft, expropriation of assets i.e use of Local Government property without authorization, pilfering, falsification of asset values in GPFS, duplication of services in terms of repairs and obsolete parts replacements.

### Management Response:

A Comprehensive asset register would be opened to capture all Assets of Local Governments and would be updated on monthly basis by the Internal audit unit of the Local Government.

#### Recommendation:

The Internal Auditor must ensure that all assets are captured in the register by taking into cognisance the ownership, existence validation and authorisation in order to give accurate reliable financial data of the assets.

### **INTERNAL AUDITOR'S REPORT**

- 1. The Internal Control Unit of the Council is very effective, but the activities of the rate section on IGR needs to be monitored and all leakages be blocked on the markets of the Local Government for the monthly IGR to be improved.
- 2. The Internal Control Unit is functioning well but the Management needs to put more efforts to improve the agricultural activities so as to increase the Local Government's IGR.
