1 Summary of Performance

1.A Introduction

This document reports the implementation progress of the year 2025 budget for the third quarter (January to September 2025). It is produced on a quarterly basis and published within 28 days following the end of each quarter.

The report in this document details the approved budget allocations for year 2025 across all organizational units, categorized by core economic classifications: Revenues (Government share of FAAC, Independent Revenue and Capital Receipts) and Expenditures (Personnel, Overheads, Capital, and Others). It also provides the actual revenue and expenditure figures for the month of July to September (Q3), the cumulative year-to-date performance (Q1-Q3), and the remaining balances related to the approved budget.

This Quarter 3 report evaluates performance against the 2025 original approved budget.

Commitment to Public Financial Management

The Ministry of Economic Planning, Budget, and Development created a detailed Revenue and Expenditure Framework to inform the 2025 budget implementation. The 2025 fiscal year, as approved by the State House of Assembly, spans from January 1 to December 31, 2025.

The Ministry remains dedicated to enhancing the efficiency and effectiveness of public financial management in the State.

This Budget Performance Report is jointly prepared by the Ministry of Economic Planning, Budget, and Development and the Office of the Accountant-General, Osun State. It is published on the official Osun State website: <https://www.osunstate.gov.ng/resources/budget-documents/>

In alignment with the National Chart of Accounts (NCOA), the core economic classifications used in this report are as follows:

- Revenue – Economic Account Type 1
- Personnel Expenditure – Economic Sub-Account Type 21
- Overhead Expenditure – Economic Account Class 2202
- Capital Expenditure – Economic Sub-Account Type 23
- Other Expenditures – Including Loans, Grants and Contributions, Subsidies, Debt Servicing, and Transfer Payments (Economic Account Classes 2203–2209, as applicable)

Additionally, Sections 3 and 4 of this report provide detailed expenditure analyses for Primary Healthcare and Basic Education, in compliance with the Human Capital Opportunity for Prosperity and Equity Governance (HOPE-Gov) initiative.

1.B Revenue Performance

2025 Revenue Budget Projections and Performance

The 2025 Approved Budget projected a total revenue of ₦427.7 bn, which included an anticipated opening balance of ₦30 billion. This comprises of the recurrent revenue and capital receipts of ₦361.5 bn and ₦36.2bn respectively.

The result of year 2024 audited financial report shows that the actual opening balance for the year 2025 was ₦60.2 billion, giving the State a better-than-expected financial head start.

As of the end of the third quarter (Q1–Q3), the cumulative revenue performance stood at 100% of the expected pro-rata target.

The revenue consists of two main components:

1. Recurrent Revenue
2. Capital Receipts

Recurrent Revenue Breakdown

As at the second quarter, recurrent revenue performance stood at 58% of the approved budget on a pro-rata basis. Within this, the Government's share of FAAC and Independent Revenue performed at 59% and 56%, respectively.

By the end of the third quarter (Q1–Q3), recurrent revenue performance improved to 90% of the approved budget (pro-rata). The Government's share of FAAC recorded a strong performance at 105%, while Independent Revenue achieved 56%.

Key revenue items contributing significantly to the year-to-date (Q1–Q3) performance include: Ecological Fund, Electronic Money Transfer Levy, refunds from LAUTECH, revenue recoveries, infrastructural funds, foreign exchange equalisation, WHT on dividends, Hotel Occupancy and Restaurant Consumption (HORC) Tax, registration of voluntary organisations, produce buying licences, forestry/timber licences, pilgrims' welfare fees, tender fees, professional registration/renewal fees, inspection fees, service transfers (inter and intra), confirmation of teaching services, legal fees, court fines, sales of books, sales of improved seeds/chemicals, sales of replacement authority papers, application forms for retirement processing, adoption forms, earnings from the use of government vehicles, rent on government quarters, and dividends received.

Capital Receipts

In the second quarter, capital receipts recorded a performance of 33% against the pro-rata of the approved budget of ₦36.2 billion.

For the period under review (Q1–Q3), capital receipts comprising Aids/Grants and Capital Development Funds achieved 24% performance against the pro-rata of the approved budget. Though, there was support from various development partners and federal programmes, including:

- The World Bank, through the Osun COVID-19 Action Recovery and Economic Stimulus (O-CARES) programme, supporting Community and Social Development Projects, Labour-Intensive Public Works (LIPW), and **Rural Development Projects**.
- Grants from the Universal Basic Education Commission (UBEC) for capital projects in the education sector;
- Basic Health Care Provision Fund (BHCPF) allocations for Direct Facility Funding (DFF), Community Health Influencers Promoters and Services (CHIPS), and Midwives' Engagement; and
- UNICEF grants supporting Primary Health Care projects within the State.

These capital receipts, being non-discretionary, were directed toward transformative initiatives across the health and education sectors, as well as programmes aimed at youth empowerment, support for vulnerable groups, and rural community development throughout the State.

1.C Recurrent Expenditure Performance

The Recurrent Expenditure is categorised into:

- i. The Personnel Cost
- ii. Other Recurrent Expenditure (Debt and Non-Debt)

The personnel cost in this report comprises of the salaries, salary arrears, Allowances, social contributions and social benefits while the other recurrent expenditure is composed of the overhead cost, loans & advances, grants & contributions, subsidies, public debt charges and transfer payments.

During the previous quarter, the cumulative performance of the recurrent expenditure was 76% as against the pro-rata of the approved budget while in the year under review, there was a slight rise of 77% as against pro-rata.

Personnel Cost

As at the second quarter, personnel cost performance stood at 76% against the pro-rata benchmark. During the period under review (Q1–Q3), performance improved to 86% of the approved budget. This increase was largely driven by various activities during the quarter, particularly the payment of pensions.

However, certain Ministries, Departments, and Agencies (MDAs) recorded overspending, mainly due to staff redeployments across MDAs and minimum wage implementation. Although personnel costs are centrally managed within the State, the necessary adjustments will be reflected in the revised budget in the subsequent quarter.

In addition, overspending on pension payments was observed, prompting an upward review in the proposed 2025 Revised Budget, which is currently under consideration by the Osun State House of Assembly for passage into law.

Other Recurrent

This expenditure category comprises the following components:

- Overhead Cost
- Loans and advances to entities
- Grants and contributions to entities
- Subsidies to entities
- Public debt charges
- Transfers-payment to entities

In the second quarter, this category recorded a 75% performance against the pro-rata benchmark. During the period under review (Q1–Q3), Other Recurrent Expenditure achieved 69% performance against the pro-rata of the approved budget.

1.D Capital Expenditure Performance

In the second quarter, capital expenditure performance stood at 60% against the pro-rata of the approved budget. During the reporting period (Q1–Q3), performance was recorded at 47%.

The State Government implemented a wide range of capital projects across key sectors, including the Construction and rehabilitation of roads, schools, and health facilities; electrification of communities; Rehabilitation of mini water schemes; Construction of a flyover at Lagere, Ile-Ife; construction of a 7-span bridge at Okefia Roundabout, Osogbo; and the dualisation of Palace Ereja (Ereja Square) – Imo – Brewery – Ilesa/Akure Expressway, Ilesa, among others. Moreso, overhauling of some armoured vehicles were done during the period.

These projects are strategically aligned with the Government’s 2025 Infrastructure Development Agenda, which prioritizes investments in social amenities, agriculture, transportation, education, and healthcare. The implementation of these initiatives is expected to enhance infrastructure quality and improve the overall well-being of residents across the State.

1.E Conclusions

The Third Quarter Budget Implementation Report (BIR) was prepared in accordance with the uniform reporting template agreed upon by the Sub-national Governments. It also adheres to the National Chart of Accounts (NCoA) framework, with the objective of assessing the actual level of revenue and expenditure performance across Ministries, Departments, and Agencies (MDAs) during the third quarter of the fiscal year.

The total approved budget for 2025 was ₦427.75 billion, with actual revenue performance reaching ₦321.04 billion and expenditure performance recorded at ₦226.18 billion as at the end of the third quarter. This represents a 100% revenue performance and 71% expenditure performance against the pro-rata benchmark for the period under review.

The budget year commenced on a strong note, buoyed by a better-than-expected opening balance, which contributed to a solid revenue performance.

Recurrent expenditure, comprising personnel costs, overheads, debt servicing, and other recurrent expenses, achieved an overall 81% performance, reflecting the efficient functioning of government operations. Personnel-related components also performed at 86%, demonstrating the State Government's commitment to meeting its wage obligations.

While overall personnel cost execution stood at 86%, some MDAs recorded overspending, mainly due to staff redeployments. However, since personnel costs are centrally managed, necessary budgetary adjustments will be made in the revised budget for the subsequent quarter.

On the capital expenditure side, a total projection of ₦191.55 billion was made, with performance standing at 58% relative to the pro-rata benchmark. This reflects the State Government's continued investment in infrastructure and service delivery across critical sectors.

It is important to note that the proposed 2025 Revised Budget, currently under consideration by the State House of Assembly, has addressed all issues related to over-expenditure. The State is now awaiting the passage of the 2025 Revised Appropriation Law, and evidence of these adjustments will be reflected in the Q4 Report.

4 Primary Healthcare Budget Performance

4.A Overview

The Primary Health Care sector had a total approved expenditure of ₦1.86 billion in year 2025. As of the end of the third quarter, actual spending stood at ₦0.55 billion, translating to an implementation rate of 39% against the pro-rata benchmark.

A breakdown of the expenditure shows that:

Personnel costs were budgeted at ₦0.196 billion, with actual spending at ₦0.17 billion, reflecting a 115% performance against pro-rata of the 2025 approved;

Other recurrent expenditures were allocated at ₦1.5 billion, with only ₦0.36 billion utilised, resulting in a 34% performance;

Capital expenditure was projected at ₦209.5 million, but no disbursement was recorded in the third quarter, indicating 0% performance.

During the reporting period, available funds were primarily channelled towards recurrent expenses to sustain essential health service delivery at the primary care level.

A summary of the performance Year to Date (YTD) against the original budget is provided below for the main economic classifications of expenditure, and YTD against the programme segment (Objective level).

Figure 3: Summary of Primary Health Care Budget Performance for Quarter and Year to Date

5 Basic Education Budget Performance

5.A Overview

In the third quarter, the total expenditure budget allocated to the Basic Education was ₦12.17 billion out of which ₦4.7 billion was expended resulting to an implementation rate of 51% against pro-rata.

In the same vein, the basic education budgeted ₦0.129 billion for personnel with an actual of ₦0.15 billion; Overhead cost was projected at ₦1.37 billion with an actual of ₦0.66 billion, and Capital expenditure estimated at ₦10.67 billion with an actual of ₦3.9 billion giving a performance of 153%, 64% and 48% as against pro-rata in the third quarter respectively.

Consequently, out of the total actual expenditure in the basic education, the personnel, overhead and capital expenditure shared 3%, 14% and 83% respectively.

A summary of the performance Year to Date (YTD) against the original budget is provided below for the main economic classifications of expenditure, and YTD against the programme segment (Objective level).
